Appleton Road (WIS 47) and Appleton Road/WIS 441 interchange to close Monday in Winnebago County

75-day closure will construct new interchange, roundabouts

(Green Bay) The Wisconsin Department of Transportation (WisDOT) Northeast Region office in Green Bay is announcing a 75-day closure of WIS 441 / Appleton Road interchange ramps and a portion of Appleton Road (WIS 47) beginning Monday, April 13.

Details of the closure include:

- Closed for construction, Monday, April 13 – early July: Appleton Road (WIS 47) between Valley Road and Midway Road
 - Detour: WIS 47 to County P (Valley Road/Racine Road); to County AP (Midway Road)
- Closed for construction, Monday, April 13 – early July: US 10/WIS441/Appleton Road interchange ramps
 - Alternate Route: Drivers can use Midway Road and Oneida Street interchanges as alternate routes.

Access will be maintained to local businesses across Appleton Road at Tuckaway Lane and Drum Corps Drive. Pedestrian accommodations will be maintained along Appleton Road with existing sidewalk and temporary asphalt. Temporary traffic singles are installed at Midway Road interchange to manage traffic during construction.

Improvements at the WIS 47 (Appleton Road) interchange include:

- Widening US 10/WIS 441 bridges over Appleton Road to accommodate six lanes
- Adding turn lanes at ramp and crossroad intersections
- Constructing roundabouts at the intersections of Appleton Road with eastbound and westbound entrance and exit ramps

All lane restrictions and work operations are weather dependent and subject to change.
